# TEEN ZONE

Booth seating has become very popular today especially in the Young Adult/Teen area. They offer a few students a space to get together to work on a group project or a single student space all their own to spread out and work on an assignment.

**Let the Young Adults put their creative minds together at one of these units, whether it be the....**

**semi-circular booth or**

**the “Creation Station”**

The Pebble is a unique seating option which can be used individually or grouped together for interactive use. Available as Pebble, Pebble Scallop and Pebble Table. Can also be grouped with a table for collaborative use.

Inspired by the shapes of Michigan's beautiful lakes, the TMC Lake collection offers lounge seating contemporary in appearance and organic in form.

Add in the laptop table, sleek in design yet engineered for heavy-use applica-

tions and a few Puddle stools and you have created the perfect area for Young Adults to work and relax.

Who doesn't love to sit around a "campfire" ?

How inviting would this grouping be for your young adults to gather around to talk about the day's events, flip through the latest copy of their favorite magazine,

collaborate on a project or video game with a friend.

Be sure to add in the paper table for writing ideas, drawing or doodling.

The "Big Lamp" creates a welcoming canopy to define the workspace and offers soft incandescent lighting.

Tablet arm lounge chairs are another popular item in the Young Adult area. Many of these are available on casters which afford the students easy mobility.

More and more lounge today is being provided with electric as well as USB ports. These can be placed either in the chair itself or in the table.

Café tables and chairs are also very popular in the young adult/teen area.

The Double U is a unique stand-alone piece that is perfect for a pair of students. It offers a book rack and swivel seat and is available at standard seated height as well as café height.

## Computer Furniture

make your teen furniture interesting and fun and the young adults will want to gravitate toward it.

Who wouldn't want to sit and work on an assignment at one of these Stations?

Pond

Lagoon

Solo

Have some fun with the furniture in the Young Adult area and go with tables that are shaped differently from the standard rectangular, square or round tables and add some color to the chairs for an inviting and fun look.

Investing in tables that are modular and mobile allows the flexibility for a group to work together and the option to be easily separated for individual use. Again the use of fun shapes and colors will have your teen patrons wanting to work/study here.

...KREATE the table YOU want!

# KREATIONS

Create a table to meet your specific needs with the Kreations Table Program.

This Program allows you to select your table top shape, edge style and leg option to create the table you want.

Why limit your options?

**Add a game table to  
promote putting down the  
remote for some  
"old fashioned"  
game time.**

*A whiteboard table is  
another great option  
for collaboration.*

BREAK AWAY FROM TRADITIONAL SHELVING AND INSTALL SOME CIRCA SHELVING IN YOUR YOUNG ADULT AREA.

IF A DIFFERENT STYLE OF SHELVING ISN'T A POSSIBILITY, TRY ADDING SOME 3-FORM END PANELS TO YOUR YOUNG ADULT SHELVING. THIS WILL ADD SOME ZEST TO DIFFERENTIATE IT FROM THE OTHER AREAS OF THE LIBRARY.
