## Portable - Clear

For times when a clear partition is required for control, safety or to view what is happening on the other side of the divider, Screenflex's acrylic dividers are the perfect solution.

Screenflex's clear room dividers are available in two lengths 3' 4" (single panel) or 10' 0" (three panel). The height of these panels is 6' 2".

They are constructed of 3/16" crystal-clear OPTIX acrylic which is non-yellowing and highly impact resistant.

## Portable – Writable

The designers at Screenflex brought together writable, tackable and sound absorbing qualities into one outstanding room divider.

Screenflex's dual surface room dividers are available in six lengths with a 6' 0 height. They feature a bright white wipeable surface on one side with a charcoal black tackable fabric on the other. Dry and wet erase compatibility creates an interactive environment and enhances collaborative spaces.

TMC's Ode mobile Screens are the perfect way to define creative, collaborative or individual spaces library, corporate, higher education, school and healthcare settings.

Jasper, Thom and Dole (named after stones/minerals found in Michigan) are offered in maple veneer, writable surfaces, or colorful ImPrinted designs with or without casters. Marker ledges are available as an option.

Without observation holes

## Mobile Screens

## MUZO

Muzo's Flow is a portable, foldable, fun way to divide space, provide a customizable backdrop or create a communal area.

Flows soft surface option helps with acoustics and also acts as a board for you to pin images and notes to. You also have the ability for a whiteboard surface with optional magnetic accessories.

Standard Flow screens are specified with one side whiteboard, one side fabric tackboard. Standard fabric is Camira Blazer Lite. Alternate fabrics may be available at an upcharge.

# MERGEWORKS

## Room Dividers

Mergeworks Urban Wall room dividers are completely customizable. Their contemporary design is great for creating meeting rooms, collaboration spaces, private work areas or simply separating an area.

The Urban Wall comes in a wide range of sizes, configurations and core materials making it fun and easy to create a custom room divider. Panels can be hinged together to create 2, 3 or 4-way configurations. Units are available with feet or casters.

## Room Dividers

Mergeworks EchoDeco acoustical wall panels improve sound privacy by reducing room echo and absorbing sound.

EchoDeco hanging panels offer an attractive, decorative solution that absorbs distracting noise. They offer a cost-effective treatment to cover walls or divide space. Panels can be hung from either the ceiling or walls. Select from 4 different panels sizes and 2 material thicknesses. Also available as a solid panel.

## Room Dividers

Mergeworks Villa Wall is lightweight, easy to install option for creating custom cubicles, workstations or dividing a space.

The Villa Wall is available in 24", 30", 37", 42", 49", 61 " and 73" widths. Unit ships fully assembled; simply add your foot option and hinge. Panels can be hinged together to create 2, 3 or 4-way configurations. Available with casters.

The Duplex Wall is available at the same heights as the Villa Wall, but can be designed with two different materials for an added design touch. Materials can be selected from frosted acrylics, fabrics, laminates or whiteboard.
