SERVICE DESKS

Service desks may be the most visited area of the library. It services not only the patron but each and every member of the library staff as well. Mobility, flexibility, adaptability, functionality and aesthetics; today's service desks are expected to have it all.

Utilizing one of our manufacturers for a standard desk or one of our mill work facilities for a completely custom desk, both aesthetics and functionality are easily obtainable. This brochure offers a collection of photographs showing both standard and custom desks utilizing a variety of materials.

A J. P. Jay Associates representative can assist you with the layout of your desk and can provide 3D drawings to give you a good visual of what you're planning.
